

The *National SAM Project* undertook the development of this draft collection of instructional materials for university education leadership professors in collaboration with Wallace Foundation Cohesive Leadership System state grantees in Illinois, Iowa and Kentucky.

Selected universities in each of the three states will pilot, or test, this module. Revisions will be completed in February, 2010 with a final version of the module ready for distribution in April, 2010. These materials may not be copied or reproduced without written permission of the National SAM Project. © 2009

Special thanks to *The Wallace Foundation* for making this work possible and state grant directors Erika Hunt, Illinois State University, Troyce Fisher, School Administrators of Iowa, Lynne Wheat, Jefferson County Public Schools and Debbie Daniels, Kentucky Department of Education.

Finally, thanks to Cathy Tencza, Tencza Design cathy@tenczadesigns.com. Cathy worked collaboratively, creatively and cohesively with hundreds of educators connected with the SAM project to produce this module. Her work is greatly appreciated.

Sincerely,

Mark Shellinger, Director
National SAM Project
